MICHAEL H. TROTTER

Author, *Profit and the Practice of Law*
and *Declining Prospects*

Richard Susskind, a prominent British professor and renowned expert on the future of professional services, particularly with respect to how technology and the Internet are changing the work of lawyers, predicts that legal institutions and lawyers will change more in the next 20 years than they have in the last two centuries. Is he right?

Mike Trotter tackles this important question, among others, in his forthcoming book, *The Evolution of the Legal Profession: A Guide to the Future Practice of Law*. Join us for a preview of Mike's new book and his thoughts on the future of our profession.
